

## 2016 PHARMACY BENEFIT INFORMATION

Adventist Health has partnered with Express Scripts to provide prescription medication coverage. This document contains specific coverage and exclusion information about your prescription benefit.

You have options when it comes to choosing your pharmacy. For the most cost savings, use the lowest tier option.

**Tier 1: Adventist in-house pharmacies.** Pay the lowest copays using the outpatient pharmacy at your hospital. Get a 90-day fill and save a month’s copay!

- Available at Feather River Hospital, Lodi Memorial Hospital, Sonora Regional Medical Center, St. Helena Hospital Napa Valley, and Walla Walla General Hospital.
- Coming soon – Frank R. Howard Memorial Hospital will be opening their outpatient pharmacy in 2016!

**Tier 2: Community partner pharmacies.** Adventist Health partners with select pharmacies in your community to provide lower prescription copays. Get a 90-day fill and save a month’s copay!

- Turn to page 3 for a list of community partner pharmacies.

**Tier 3: Express Scripts network pharmacies.** This refers to any pharmacy that accepts Express Scripts insurance. Prescriptions filled at retail pharmacies are limited to a maximum of 30 days per fill. Get a 90-day fill and save a month’s copay using the Express Scripts Pharmacy<sup>SM</sup>.

Engaged! Plan Copays	Generic <sup>1</sup>		Formulary Brand		Specialty Generic	Specialty Brand
	30 days	90 days	30 days	90 days	30 day limit	30 day limit
AH In-House Pharmacy	\$3	\$6	\$20	\$40	20%; \$70 Max	20%; \$110 Max
Community Partner Pharmacy	\$8	\$16	\$25	\$50	20%; \$75 Max	20%; \$120 Max
Express Scripts Network Pharmacy	\$10	\$20 <sup>2</sup>	\$30	\$60 <sup>2</sup>	20%; \$80 Max	20%; \$130 Max
Base Plan Copays						
AH In-House Pharmacy	\$6	\$12	\$30	\$60	20%; \$120 Max	20%; \$160 Max
Community Partner Pharmacy	\$10	\$20	\$35	\$70	20%; \$125 Max	20%; \$170 Max
Express Scripts Network Pharmacy	\$12	\$24 <sup>2</sup>	\$40	\$80 <sup>2</sup>	20%; \$130 Max	20%; \$180 Max

<sup>1</sup>Members enrolled in the Engaged! Plan pay \$0 copay for select generic maintenance medications when filled at in-house, community partner, or Express Scripts home delivery pharmacies. Under the Affordable Care Act (ACA) certain generic preventive products are offered free of charge to patients who qualify. This includes aspirin, vitamin D, folic acid, fluoride, vaccines, smoking cessation and contraceptive products.

<sup>2</sup>Express Scripts Network Pharmacy 90-day fills only available using Express Scripts home delivery.

### Home Delivery Restrictions

If you are using a medication for longer than two months and filling it at a Tier 3 pharmacy, you may receive a notification from Express Scripts asking that you switch to home delivery through the Express Scripts Pharmacy<sup>SM</sup>.

**Important: While you are not required to switch to home delivery, continuing to use a Tier 3 retail pharmacy may result in an increased copay.** This does not apply to Tier 1 (In-House) or Tier 2 (Community Partner) pharmacies. Read and respond to any letters you receive from Express Scripts regarding home delivery restrictions.

**Out of Pocket Maximum** - Adventist Health maintains a separate out-of-pocket (OOP) maximum for the pharmacy and medical benefits. Once the pharmacy OOP Max has been met, copays for purchases will drop to \$0 for the remainder of the year. Refer to your summary plan document for more details. (Engaged! Plan max \$3,700 individual, \$4,500 family. Base Plan max \$4,050 individual, \$5,300 family.)

**Express Scripts Formulary**

Your plan covers medications that are a part of the formulary. These medications may be brand or generic.

- If you use a generic drug – a safe, effective drug approved by the U.S. Food and Drug Administration (FDA) that also costs less – you’ll pay the lowest copayment.
- If you use a formulary (or preferred) brand-name drug on the list, you pay a higher copayment. If a generic version of the drug is available, you will be responsible for the cost difference between the brand and generic products along with the brand name copay.
- If you use one of the non-formulary (or non-preferred drugs on the list), your drug is not covered. Please talk with your doctor on alternatives that can be prescribed.

*For a copy of the formulary, please visit 2016 Health Plan folder on the Connect (employee intranet) page. You may also check coverage online at [Express-Scripts.com](http://Express-Scripts.com) or on the Express Scripts mobile app.*

**Prior Authorization**

Prior authorization is needed for certain medications. The program monitors certain prescription drugs to ensure that you are getting the appropriate drugs for your disease state. *It makes sure you’re getting a cost-effective drug that works for you.* If you have questions on a particular drug that requires prior authorization, please contact Customer Service or visit [Express-Scripts.com](http://Express-Scripts.com) to perform a coverage check. Your doctor may need to call Express Scripts at 1-800-753-2851 to go through a clinical review of your medication.

**Specialty Pharmacy Restriction** – All specialty medications are limited to a 30-day supply and must go through the Accredo specialty pharmacy after one fill at retail unless filled at an Adventist Health In-House or Community Partner Pharmacies. Please call 1-844-520-2674 if you would like to begin using Accredo.

**Compounded Medication** – Most compounded medications are available commercially and therefore will be excluded under the plan, this includes compounded pain medications. Some of the ingredients for compounded hormones are excluded. Have your compounding pharmacy provide the ingredient list so that you can check coverage for each item. Call Express Scripts at 1-888-377-5869 for assistance.

**100% Copay** – The following drugs are available at 100% copay: cosmetic medications, hair growth agents, homeopathic medications, fertility agents, vitamins, fluoride products, over-the-counter (OTC) medications, OTC equivalents, and medical foods. **Note: The copays paid for these products do not apply toward the OOP Max limit.**

**Express Scripts Pharmacy**<sup>SM</sup>

Your plan offers you the option to fill your maintenance medications through Home Delivery, if preferred. Home Delivery offers added savings and convenience with 24-hour pharmacist access. To learn more, you can go to [Express-Scripts.com/StartHD](http://Express-Scripts.com/StartHD), or contact Express Scripts at **1-888-377-5869**.
