- You may receive up to a 90-day supply of certain maintenance drugs (medications taken on a long-term basis) through an EDS pharmacy or by mail through Express Scripts® Pharmacy. There is no charge for standard shipping.

Why has the cost of your medication changed?

There are four possible reasons the cost of your medication changed after Dec. 31:

The cost of your medication may have changed because:

- Express Scripts has different contracts with drug manufacturers and pharmacies than the previous administrator.
- Each year deductibles start over on Jan. 1.
- You used a pharmacy that isn't in the Express Scripts network.
- Drug prices go up and down, just like the prices of gas or a carton of eggs.
