

Why Home Delivery

Five reasons why pharmacy home delivery may be right for you

Have

Consistency

You take a long-term medication where a 90-day fill makes sense, and see taking this medication for the foreseeable future.

Desire

Convenience

You like getting medications delivered right to your door, eliminating trips to the pharmacy and waiting in line.

Like

Ease of Use

You want managing prescriptions to be simple, including helpful digital tools, automatic refills that come when you need them and a pharmacy that works with your doctor to get any needed prescription renewals.

Value

Access

You want the ability to have an unrushed conversation from the privacy of your own home with a pharmacist any time day or night, with no voicemail or callbacks.

Want

Personalized Care

You find value in being automatically matched with pharmacists who focus on your medical condition, giving you an additional health care professional on your side to help manage your health.

With Express Scripts® Pharmacy, you get all of the above and more. Plus you could

save up to 33%

on prescriptions as compared to retail.¹
